pottery

COLLECTION  
**2026**  
BY NDT INTERNATIONAL

## EN Key to the symbols and abbreviations

H = Height		= Frost-resistant
W = Width		= Waterproof
L = Length		= Spang
∅ = Diameter	{4}	= Pieces per set
		= Lightweight

All sizes are in centimeters.

Although due care has been exercised in the compilation of this catalogue, the pots depicted herein may slightly vary in colour and size. Product specifications may be changed without prior notification. No part of this publication may be reproduced without the prior written permission of NDT International BV.

## NL Gebruikte afkortingen en pictogrammen

H = Hoogte		= Vorstbestendig
W = Breedte		= Waterdicht
L = Lengte		= Spang
∅ = Diameter	{4}	= Aantal per set
		= Lightweight

Alle maten zijn aangegeven in centimeters.

Hoewel deze catalogus met grote zorg is samengesteld kan het voorkomen dat de kleuren en maten van de afgebeelde potten licht afwijken. Productspecificaties kunnen tussentijds worden aangepast zonder voorafgaand bericht. Niets uit deze uitgave mag worden gereproduceerd zonder schriftelijke toestemming van NDT International BV.

## DE Abkürzungen im katalog

H = Höhe		= Frostsicher
W = Breite		= Wasserdicht
L = Länge		= Spang
∅ = Durchmesser	{4}	= Anzahl pro Set
		= Lightweight

Alle Maße sind in Zentimeter angegeben.

Auch wenn dieser Katalog mit großer Sorgfalt zusammengestellt wurde, kann es vorkommen, dass die Farben oder Größen von den abgebildeten Fotos abweichen. Produktinformationen können zwischenzeitlich angepaßt werden, ohne vorheriger Absprache. Nichts aus diesem Katalog darf ohne schriftliche Anfrage der NDT International BV vervielfältigt werden.

## FR Abréviations et pictogrammes utilisés

H = Hauteur		= Résistant au gel
W = Largeur		= Étanche
L = Longueur		= Spang
∅ = Diamètre	{4}	= Nombre de pièces par jeu de pots
		= Lightweight

Toutes les dimensions sont exprimées en centimètres.

Bien que le présent catalogue ait été conçu avec le plus grand soin, il est possible que les couleurs et dimensions des pots représentés soient légèrement divergentes. De plus, les spécifications de produits peuvent être modifiées sans avertissement préalable de notre part. Aucune reproduction de la présente publication ne pourra être réalisée sans l'autorisation écrite de NDT International BV.

# PASSION FOR A GREENER CYCLE

## GREEN DEVELOPMENTS

As pottery brand we are constantly looking for new items and sustainable developments. Last year we've introduced our **Esben** collection which contains recycled clay. This year we introduce you the **Santo**, a collection which has 100% recycled glaze (P40-41).

## SUPPLIER ENGAGEMENT

We extend our focus beyond our own organization. Actively involving our suppliers in our sustainability goals, we have introduced our 'Code of Conduct', personally delivered to each supplier and discussed. Initiating conversations on sustainability is important. We are sharing knowledge and providing support for potential challenges our suppliers may face.

## PACKAGING AND POS MATERIAL

We've transformed our packaging by swapping Styrofoam into honeycomb cardboard to minimize environmental impact. Besides this we arrange point of sale material which our customers can use in store. It's important to tell the story behind every pot. How it's made or why some pots each have an unique character.

## GREEN ENERGY

With solar panels and reduced energy consumption already in place, we have now partnered with a leading green energy supplier, producing energy locally in the Netherlands.

'Bringing words and actions  
together, we move towards  
a greener era.'

# Identity in every glaze

Where earthy luxury meets soulful colour. Warm browns, olive greens, and sparky accents blend retro and organic design into a world of depth, gloss, and refined expression.

A well-known problem in the world of ceramics: Large quantities of beautiful unused glazes. At NDT International, everything revolves around craftsmanship and responsibility. That is why we are constantly looking for improving solutions.

Instead of letting glazes go to waste, we have found a sustainable solution together with our supplier: we give these residual glazes a second life by mixing them with 100% recycled water, which comes from the daily cleaning

process and collected rainwater at the factory. This creates a unique color that gives the pots a characteristic charm. It is not a surprise that every pot is unique!

Each pot tells a story of reuse and care for the planet. Moreover, this approach fits in seamlessly with our broader mission: a minimal ecological footprint, without compromising on quality.

# RCC ReCycledClay

At NDT, we constantly strive for innovation and sustainability. We believe that by supporting sustainable innovation, we can have a positive impact not only on our business, but also on our planet.

So together with the factories NDT International works closely with, we came up with the development of our latest collec-

tion, called RCC 'ReCycledClay', with sustainability and innovation in mind!

The result is a unique collection of pots made from 20-30% recycled ceramics. By using rejected pottery and broken ceramic tiles and products, we not only reduce the amount of waste going to waste landfill, but also give new life to materials that would otherwise go to waste.

# Organic Essentials

A whisper-soft world where comfort meets nature.  
Everything is slightly offbeat, yet instantly familiar.  
Subtle imperfection becomes the new perfection.
